Rock Products' Annual Index for 1980 (Vol. 83)

A

Aggregates
—Midyear update: A second Stone Age, June 63
—Recycled concrete forms base material for an aggregate short region, Feb. 50
—Study reveals rapidly dwindling resource availability, August 60
Aggregates—plants
—Alpha Aggregates joins move toward women managers, Jan 68
—Increased production calls for a diesel-powered shovel, April 48
—Loader takes it easy—and operates a double shift, June 82
—Modern plant replaces Edison-designed facility, June . 54
—St. Louis saga of Alpha Aggregates, The, Jan. 64
—Wulfrath Group, The, June 76
Aggregate plant design: The planned approach
—Part IV Safety and environmental factors, Jan. 82
—Part V—Determining capital and operating costs for a new primary crusher sub-system, July 68
—Part VI—Preparing a proposed plant design, Sept. ... 84
—Part VII—Preparing a capital and operating cost estimate, Nov. 54
Aglime
—NLI tackles technical & marketing issues, May 95
Aimoto, Takashi
—Precalciner kilns prove optimal at world's largest cement plant, April 162
Allard, Peter F.
—Rock-based devices for air pollution control, Feb. 76
Alpha Aggregates
—Alpha Aggregates joins move toward women managers, Jan. 68
—St. Louis saga of Alpha Aggregates, The, Jan. 64
American Aggregates
—Double-pump arrangement smooths slurry flow from dredge to plant, Dec. 78
Anderson, Dave
—Loaded conveyors start easily with twin soft-start reducer drives, May 112
Annual report commentary, June 70
Annual production increases become a habit, Nov. 74
Antosiewicz, Michael B.
—Operating temperatures evaluate mill gear alignment, March 68
April
—Canadian cement industry, The 72
—Cement in the '80s: Do we need research? 58
—Cement is a precious commodity 12
—Cement Mixings 82
—Complex engineering & construction at Lehigh's Mason City (Iowa plant) 168
—Dusty clinker and grindability problems 152
—Efficient handling of bagged lime reduces loading operation 50
—Fluxes conserve energy in cement manufacture 52
—Increased production calls for a diesel-powered shovel 48
—International cement review 116
—Irish cement manufacturer chooses precise analytical control 172
—Metropolitan cement terminal works at good-neighbor policy 176
—New Moroccan plant helps meet growing cement demand 140
—Oregon Portland Cement opens new plant 108
—Precalciner kilns prove optimal at world's largest cement plant 162
—Prospects for cement: The international view 91
—Riverside Cement opts for cogeneration 100
—Two-stage cement classification 178
Are you ready for the challenge?, Nov. 12
Articulation increases haul truck life under rough conditions, Feb. 42
Asment de Temara
—New Moroccan plant helps meet growing cement demand 140
ASTM
—Resource recovery 64
August
—Changed PCA, A 62
—Colorado aggregates firm still in limbo 50
—Endangered species and industry strive to coexist 70
—Ideal sees inflation shove plant costs sky-high 54
—MSHA today: Conflict but cooperation 45
—Realism invades the environmental world 10
—Recycling dilemmas torment sand producer 66
—Small business outlines needs, proposes reforms 74
—Study reveals rapidly dwindling resource availability . 60
—Transportation problems prove challenging for the industry 80

B

Belirose Silica Co.
—Articulation increases haul truck life under rough conditions, Feb. 42
Blackstone Paving Ltd.
—Portable crusher supplies railroad ballast, March 106
Blasting
—Blasting—1980 Buyer's guide, Jan. 91
—Ripping replaces blasting as part of good-neighbor policy, July 49
Blue Roan Bend
—Two dredges extract raw material for 1,000-tph sand & gravel plant, Sept. 62
Brannan Sand & Gravel Co.
—Colorado aggregates firm still in limbo, August 50
British firm adds New England producer/contractor to worldwide holdings, Dec. 73
Burchett, Raymond
—Time to talk of cabbages and kings, A, Oct. 12
Bush, Charles W.
—Riverside Cement opts for cogeneration, April 100
Buyer's guide, 1980, Jan. 89

C

Can the bleak U.S. export picture be brightened?, Oct. 100
Canadian cement industry, The, April 72
Can-Am Corp.
—Double-shaft regenerative kiln produces lime with energy efficiency, Oct. 51
Catanzaro, Vincent
—Portable air compressors need care for long life, March 90
Cement
—Canadian cement industry, The, April 72
—Cement in the '80s, Feb. 56
—Cement in the '80s: Do we need research?, April 58
—Cement is a precious commodity, April 12
—Cement Mixings, April 82
—Cement producers move into alternate fuels with caution, varying results, Feb. 62
—Dusty clinker and grindability problems, April 152
—Fifteenth ICS sets an all-time record, Feb. 70
—Fluxes conserve energy in cement manufacture, April 52
—High-rating separators for the cement industry, Oct. .. 88
—IEEE Toronto conference achieves record-breaking attendance/interest, July 80
—International cement review, April 116
—Prospects for cement: The international view, April .. 91
—Source, shipping tips for coal users, Jun. 68
Cement—plants
—Annual report commentary, June 70
—Complex engineering & construction at Lehigh's Mason City, (Iowa) plant, April 168
—Ideal sees inflation shove plant costs sky-high, August 54
—Irish cement manufacturer chooses precise analytical control, April 172
—Metropolitan cement terminal works at good-neighbor policy, April 176
—New Moroccan plant helps meet growing cement demand, April 140
—Northwestern States standardizes on seamless dust bags, Nov. 78
—Old tires: New fuel, Oct. 82
—Oregon Portland Cement opens new plant, April 108
—Precalciner kilns prove optimal at world's largest cement plant, April 162
—Profile of Dyckerhoff, A, Oct. 72
—Riverside Cement opts for cogeneration, April 100
—Two-stage cement classification, April 178
CF Industries Inc.
—Giant dragline excavates phosphate rock at new plant, June 50
Changed PCA, A, August 62
Changing largest industry firms, May 72
Citadel Cement Corp.
—Updated production system monitors weighfeeder operation by computer, April 154
Chielsen, A.
—Large shoe-mounted ball mills, June 84
Coal
—Coal conversion proceeds smoothly at Louisiana plant, May 104
—Source, shipping tips for coal users, June 68
Cold bonding offers fast repair method, March 80
Colorado aggregates firm still in limbo, August 50
Complex engineering & construction at Lehigh's Mason City (Iowa) plant, April 168
Con Agg Show
—1980 Con/Agg Show, The, May 66
—Wandering around the Con/Agg Show, May 57
Cooke, Richard E.
—Oregon Portland Cement opens new plant, April 108
Corcoran, M.F.
—Project management benefits from practical experience, July 74
Crushed stone
—Fluidized-bed combustion: Another market for stone, July 62
—Midyear update: A second Stone Age, June 63
Crushed stone—plants
—Johannesburg's Eikenhof Quarry, Oct. 94
—Pavement recycling saves time & money on giant Interstate job, Feb. 52
—Recycled concrete forms base material for an aggregate-short region, Feb. 50
—Portable crusher supplies railroad ballast, March 106
—Quarry operator doubles drilling rate, July 60
—Ripper-equipped dozer extracts diced basalt to feed portable plant, March 68
—Ripping replaces blasting as part of good-neighbor policy, July 49
Crushers
—Aggregate plant serves as crusher proving ground, May 76
—Portable crusher supplies railroad ballast, March 106

D

Deregulation—Will it reach the local level?, May 10
Developer Producer cooperation reduces reclamation costs, Jan. 61
Double-shaft regenerative kiln produces lime with energy efficiency, Oct. 51
Double-pump arrangement smooths slurry flow from dredge to plant, Dec. 78
Dusty clinker and grindability problems, April 152
December
—British firm adds New England producer/contractor to worldwide holdings 73
—Forecast '81 45
—Kiln strength, diameter, & speed promote formation of ash rings 83
—Story behind the story, The 13
—Trade show in print 89
Delta Sand & Gravel Co.
—Three-stage expansion permits higher production with greater flexibility, May 57
Dravo Corp.
—Developer/Producer cooperation reduces reclamation costs, Jan. 61
Dredging
—Double-pump arrangement smooths slurry flow from dredge to plant, Dec. 78
—Two dredges extract raw material for 1,000-tph sand & gravel plant, Sept. 62
Drilling
—1980 Buyer's guide, Jan. 90
—Focus on percussive drilling, Sept. 78
—Quarry operator doubles drilling rate, July 60
Dust
—Dusty clinker and grindability problems, April 152
—Northwestern States standardizes on seamless dust bags, Nov. 78
—Rock-based devices for air pollution control, Feb. 76
—Water & dust are enemies of a diesel engine, Oct. ... 110
Dyckerhoff
—Old tires: New fuel, Oct. 82
—Profile of Dyckerhoff, A, Oct. 72

E

Editorial comment
